

OUT OF STATE

SCHOOL VERIFICATION FORM

Beginning with the 2021/2022 academic year, eligibility for Low-Income and Overflow Tax Credit Scholarships expanded to include students who moved to Arizona from out of state before enrolling in a qualified private school. If the student enrolls in an Arizona public school or chooses to homeschool in Arizona before attending a qualified private school, then the student does not meet the out of state prerequisite.

An Out of State School Verification Form must be completed by the school the student attended **immediately prior** to their enrollment in a private school in Arizona.

In lieu of this form, a letter or copy from the school's student enrollment database providing the required data will also be accepted, as long as the information is provided by the school office.

The requirement is to verify that the student moved to Arizona from out of state and enrolled directly in a private school. Submit the completed form along with the School Choice Arizona Scholarship Application.

SCHOOLS: Complete all the boxes below in Section I.

PARENTS: If your student was Homeschooled, complete Section II.

ALL INFORMATION REQUESTED BELOW IS REQUIRED

SECTION 1 (SCHOOLS)

Student Name:		Grade Most Recently Enrolled in:
